<b>Additional Notes:</b>					
<p>*<b>Certificate</b> awards can be positioned at any NFQ Level between 6-9, and can carry any number of ECTS between 5 and 60. Where a Certificate carries 60 ECTS at NFQ Lv6, it carries the award classifications of Distinction, Merit Grade 1, etc. Where a Certificate carries 60 ECTS at NFQ Lvs 7-9, it is titled a 'Diploma', and carries the award classification of the corresponding NFQ Lv at which it is positioned.</p>					
<p><b>ECTS</b> – European Credit Transfer and Accumulation System – this credit system represents learning based on defined learning outcomes and their associated workload, derived from the Bologna Process. One credit corresponds to 25-30 hours of learner effort. Further information is available on the <a href="#">European Commission's website</a>.</p>					
<p><b>NFQ</b> – National Framework of Qualifications – the framework system used to describe qualifications in the Irish education and training system. Further information is available on <a href="#">Quality and Qualifications Ireland's website</a>.</p>					

**Weighted Average (WA) Calculation** – the Weighted Average is the credit-weighted average of grades achieved in the relevant stages of a programme. For single-stage programmes (e.g. Masters, Higher Diplomas, Certificates), all modules contribute to the weighted average. For multi-stage programmes (e.g Bachelor of Arts, or Bachelor of Arts (Honours)), the weighted average is drawn from the final stage modules (weighted at 80% of the final grade), and the highest-scoring 50 ECTS of the penultimate stage modules (weighted at 20% of the final grade). Pass-only modules do not count towards the weighted average.

**Exit Awards** – Some programmes are validated with an ‘Exit award’, where the full programme of study is not completed, but a recognised qualification is embedded within the larger award. The Exit award is available to learners who are unable to complete the full award, but have successfully completed the requirements of the Exit award. Learners may complete more modules than is required by the Exit award, but only those modules which form part of the Exit award will be counted towards an award classification.

**Study Mode** - Full Time refers to ‘traditional’ delivery with at least half of the programme delivered on site (although some online delivery may be in effect), between the hours of 8am-6pm, Monday-Friday. Part Time refers to ‘traditional’ delivery with at least half of the programme delivered on site (although some online delivery may be in effect), between the hours of 5pm-10pm, Monday-Friday, and/or on weekends. Full Time and Part Time Online delivery falls within the corresponding hours/ days, but delivery is entirely online, and can be undertaken remotely.

**Pass by Compensation** – Pass by Compensation is available in some programmes, where a marginal fail grade can be compensated by a passing grade (of at least 50%) from a module of equal or greater ECTS weighting.

**Limited Opportunities (Resits)** – Learners are usually offered a maximum of four sittings to complete a module (a first sitting, and three Resits). Some modules have fewer resit opportunities. Learners are withdrawn from the programme and not eligible to re-enrol on the same or derivative programme once they exhaust these opportunities. Where a learner exhausts their opportunities but have completed the required components of an embedded Exit award, they will be withdrawn from the original programme and Exited off with the embedded award.

**Capped Grades** – Where a module is passed on a repeat sitting, the overall module mark is capped at 40%. Prior to March 2022, a module passed on a repeat sitting at Award Stage would result in a cap to the Award Classification.

**Unsuccessful Outcomes** – where a learner does not successfully complete their programme, their ‘result’ will be marked as Withdrawn. If a learner chooses to terminate their studies without exhausting their opportunities or being removed from the programme for other reasons, this is reflected as ‘Discontinued Studies’.
